

Higher Education for all

## REALLYENGLISH: SUPPORT FOR EAL STUDENTS

Our colleagues have been working hard to pull together a suite of high quality activities for you to engage with during these current circumstances. We can't wait for you to get involved!

### WHAT'S ON OFFER?

ReallyEnglish is a company specialising in developing and delivering a range of digital and blended English language learning content and would be able to support students for whom English is not the main language spoken at home.

Their course materials can be used flexibly for self-study, or in tandem with teacher-led instruction with students in private or academic study environments. The course range covers **General English, Academic English, International Test Level English and specialist-subject vocabulary**, which can be accessed across devices.

ReallyEnglish allows students to study items specific to their academic needs and is **accessible on mobile devices** making the experience smoother. The programme assigns lessons to the students and covers General English from beginner to C1 (CEFR).

### HOW TO ACCESS

If you're interested in receiving access to this platform, for students for whom English is not their main or first language spoken at home, please contact Serina Autwal:

**s.autwal@wlv.ac.uk**
